

THEODOSIS KALAMATIANOS, PhD

Place and date of birth: Athens, Greece, October 8th, 1973

Contact Details:

Tel: (Greece) +30 2107229250, Fax: +30 2107249986, Mobile Tel: +30 6949514446

Email: theodosis.kalamatianos@kcl.ac.uk

Web: www.neurosurgery.org.gr

Current Position: Postdoctoral Researcher, Neuroscience Research Coordinator (February 2010-), Department of Neurosurgery, University of Athens Medical School, Ipsilantou 45-47, Athens 10676, Greece

Education:

Graduation Certificate, Grade: 19/20, Moraitis School, Athens, Greece (1991).

BSc Biochemistry (Medical), Grade: 2:1 honours, Royal Holloway, University of London, U.K (1994).

MSc Neuroscience, University College London, U.K (1995). MSc thesis title: “Distribution of expression of a novel peripheral neuron specific villin-like protein (VLP)”.

PhD Neuroscience, King’s College London, U.K (2004). PhD thesis title: “Peptide and peptide receptor gene expression in the diencephalon of rats and mice: neuroanatomical insights into circadian processes”.

Other Academic Training:

- **Induction Training for Specific Roles:** Being a new postgraduate research supervisor. Staff Development and Training Unit, King's College London, U.K (2008).
- **Management Foundation Course,** Staff Development and Training Unit, King's College London, U.K (2008).
- **Leadership & Management Development Programme,** Staff Development and Training Unit Project Management, King's College London, U.K (2008).

Previous Postdoctoral Research Positions

June 2005- July 2009: Postdoctoral Researcher. **Biomedical and Health Sciences, King's College London, U.K.**

Awarded Project Grants:

1. "The social brain: establishing neurobiological strategies to exploit the unique spectrum of social relationships displayed by mole-rats". **Biotechnological and Biological Sciences Research Council (BBSRC, UK).** Grant: BBD523186, Co-applicant.
2. "The role of leptin in hypothalamic programming of offspring appetite and raised blood pressure by maternal obesity". **The British Heart Foundation (BHF, UK).** Grant: PG/06/067, Postdoctoral Researcher.

Additional Research Funding:

1. March 2010- August 2014: “Establishing the incidence and burden of stroke, epilepsy, CNS tumors and traumatic brain injury in the isle of Lesbos: a population based study”. Research Proposal funded by **Sanofi-Aventis Hellas**. Postdoctoral Researcher.
2. October 2011- September 2012: “PIGF and sflt-1 in chronic subdural hematoma: a clinical study”. Research Proposal supported by **Roche Diagnostics Hellas S.A.** Principal Investigator.
3. April 2014- December 2015: “Clinical value of a novel immunohistochemical marker in GBM”. Research Proposal supported by **Roche Diagnostics Hellas S.A.** Principal Investigator.

University Appointments/Supervision:

- **2000-2008 Demonstrator** in Molecular Biology and Biophysics, Biomedical Sciences, King’s College London (U.K).
 - **2002-2008 Demonstrator** in Neuroanatomy, Anatomy, King’s College London (U.K).
 - **2006-2009 Course Coordinator**, School of Medicine, King’s College London (U.K). Course title: “Immunohistochemistry and *in situ* hybridization applications“. (King’s College London, UK).
 - **2006-2008 Supervisor**, MSc programme (Neuroscience), King’s College London (U.K).
1. Title: “Expression of arcuate nucleus kisspeptin and neuropeptide Y mRNA in response to fasting in female rats”. Student: Roya Hazara.

2. Title: “V1a-binding sites in the telencephalon of the eusocial naked and solitary Cape mole-rat”. Student: Sarah Azam.

- **2007-2010 Co-Supervisor**, PhD programme (Neuroscience), King’s College London (U.K). Title: “The Neurobiology of Reproduction and Social Behaviour in Naked Mole-Rats”. Student: Shuzhie Zhou.
- **2011-2014 Co-Supervisor**, PhD programme (Neurosurgery), University of Athens Medical School, Athens, Greece. Title: “Perioperative microdialysis in aneurysm and tumor surgery: correlation of cerebral metabolites with clinical outcome”. Student: Christina Balaka MD.
- **2017- Faculty Member**, Neurosurgical Anatomy and White Matter Dissection Course, Athens Microneurosurgery Laboratory, University of Athens Medical School, Hellenic Neurosurgical Society.
- **2017- Scientific Committee, Senior Lecturer**, MSc programme (Applied Neuroanatomy), University of Athens Medical School.

Visiting Researcher Appointments:

-2004 (March-April) Visiting Scientist, Institute of Experimental Medicine, Hungarian Academy of Sciences, Budapest.

-2006 (February) Visiting Scientist, Department of Zoology and Entomology, University of Pretoria, Pretoria, RSA.

Academic Awards:

PhD Studentship. GlaxoWellcome (1998).

Travelling bursary, British Society for Neuroendocrinology. Society for Neuroscience Annual Meeting, New Orleans, Louisiana, USA (2003).

Travelling bursary, British Society for Neuroendocrinology. Department of Zoology and Entomology, University of Pretoria, Pretoria, RSA (2006).

Professional Memberships

Hellenic Society for Neuroscience

Federation of European Neuroscience Societies (FENS)

Current Research Interests

- Neurological disease biomarkers (CNS tumors, hydrocephalus, chronic subdural hematoma, traumatic brain injury, stroke)
- White matter and cerebrovascular anatomy
- Circadian rhythms and sleep disorders
- Social behavior disorders in neurological disease (hydrocephalus, traumatic brain injury)
- Neuroepidemiology (Stroke, CNS tumors, epilepsy, traumatic brain injury)

Current External Research Collaborations

- Dr. Imre Kallo.. Laboratory of Endocrine Neurobiology. Institute of Experimental Medicine of the Hungarian Academy of Sciences, Budapest, Hungary.

- Professor Evangelia Papadimitriou, Department of Pharmacy, University of Patras, Greece.
- Dr. Ioanna Nikitopoulou, 1st Department of Critical Care Medicine & Pulmonary Services, 'Marianthi Simou' Laboratory, University of Athens Medical School, Athens, Greece.
- Roche Diagnostics, Hellas S.A.
